INTRODUCTION

By reading this article, you, dear young people, will be able to give your suggestions and recommendations on "Supporting Youth and Business". Let's support Youth and Business together. creative young men and women. As noted by His Excellency Shavkat Mirziyoyev Miromonovich, President of the Republic of Uzbekistan; For the first time in our history, we adopted our updated Constitution on the basis of a national referendum. We have started implementing the "Uzbekistan-2030" strategy, which will determine our future development. We held many prestigious conferences at a high level. We have put forward important initiatives in the international arena. We managed to maintain stable economic growth rates.

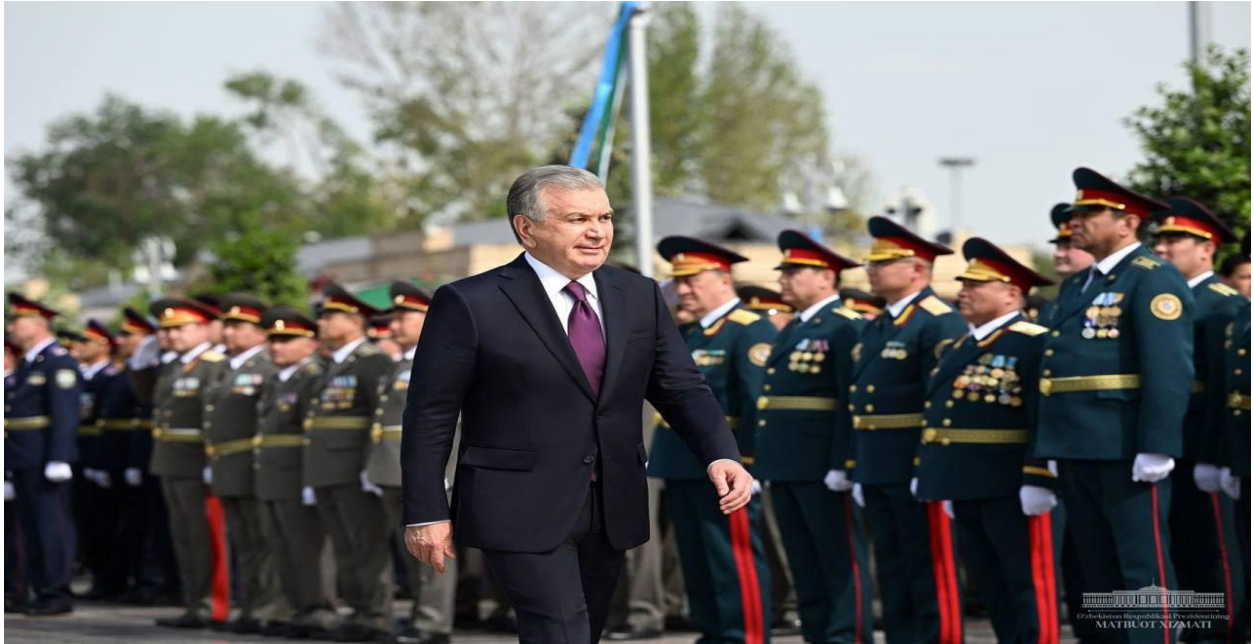

High-tech modern industrial enterprises, logistics and infrastructure networks, kindergartens and schools, cultural and sports facilities were built in our republic. New jobs are opening. Our cities and villages are prosperous, and the standard of living of the population is rising. Thanks to our joint work, the dream of New Uzbekistan is becoming a reality. I sincerely thank you, my dear compatriots, for all our achievements. glorifying human dignity, ensuring the interests of our population, and building a strong economy for this is our main task. For this purpose, we declared 2024 as the "Year of Youth and Business Support" in our country.

In the new year, we will strengthen attracting foreign investments to our economy, creating wide opportunities for entrepreneurship and private property. We pay special attention to the development of science, innovation, IT, "green" and digital technologies. creating new jobs and increasing the income of the population will be in the center of our attention. The amount of wages, pensions, scholarships and allowances will be increased. We attach special importance to supporting women and intellectuals, people in need of help. we will raise the development of social spheres to a completely new level. Strengthening the independence of our country and

increasing the combat potential of our Armed Forces will remain our priority.

Creating new jobs and increasing the income of the population will be in the center of our attention. The amount of wages, pensions, scholarships and allowances will be increased. We attach special importance to supporting women and intellectuals, people in need of help. We will raise the development of social spheres to a completely new level. Strengthening the independence of our country and increasing the combat potential of our Armed Forces will remain our priority.

In short, we will fully mobilize all our strength and capabilities to build a new life, New Uzbekistan. On January 10, the President of the Republic of Uzbekistan Shavkat Mirziyoyev held a practical meeting with Suma Chakrabarti, adviser on economic development, effective management and international cooperation.

The progress of socio-economic reforms within the framework of the "Uzbekistan - 2030" strategy and the next steps to increase their efficiency were considered. special attention was paid to the practical aspects of the implementation of the strategy in 2024, which was declared as the Year of Youth and Business Support in our country. more effective use of domestic reserves in areas such as activation of attracting foreign investments, creation of wide opportunities for entrepreneurship and private property, development of science, innovation and IT, introduction of "green" and digital technologies and issues of strengthening partnership with foreign partners were discussed. the head of our state expressed the following thoughts about our youth in his speech; "When it comes to young people, I always think of one thing. Today, how many of our young people are studying and working abroad. Of course, among them there are many who have found their own way and live in a foreign country no less than anyone else. But homesickness torments any person. therefore, it is necessary to strengthen the work to establish permanent contact with them, protect their rights and interests, and support those who wish to return to our country. for this purpose, we need to establish the international association of young people of Uzbekistan and create appropriate conditions for its effective functioning" I decided to work harder and harder, spend more for this country and people.

Now let's talk about business support, Shavkat Mirziyoyev: <<We are ready to provide all the conditions for properly working business representatives>>

President Shavkat Mirziyoyev is conducting an open dialogue with businessmen. the head of state made a special appeal to entrepreneurs.

As a result of tax reforms, reliefs and benefits given to entrepreneurs in the last seven years, more than 120 trillion soums remained at their disposal. Even today, great facilities are provided.

"In our people, there is a saying that ``everything comes out of two hands."

Currently, the share of the "secret economy" in our country is about 40 percent. we are ready to create all the conditions for business representatives who are working properly, creating jobs, introducing advanced technologies, developing new products, and increasing their exports.

Note: The state provides a favorable investment and business environment. Entrepreneurs have the right to carry out any activity in accordance with the law and to independently choose the directions of their activity. Article 67 of the Constitution of the Republic of Uzbekistan.

Dear dear knowledge-hungry, energetic, creative young men and women, let's think more deeply about this topic and announce it to the public, taking into account our suggestions and recommendations. because through this, let's support the youth of our country so that they can achieve wide opportunities. This will be an example for the future generation.

In conclusion, it can be said that new ideas and proposals for supporting youth and business are being discussed. I think that you will not be indifferent to the situation in this topic.
