

The Role of Proverbs and Wise Words in Upbringing of the Young Generation

Khaydarova Nigina Ganiyevna

Bukhara State University English teacher of the Interfaculty Department of Foreign Languages

Abstract: Proverbs and wise sayings are one of the richest genres of Uzbek folklore, and are considered the most reliable source of information on the customs, traditions, lifestyle and mentality of the Uzbek people. This article examines the issues of researching folklore by our young researchers in the current period, which requires them to conduct sufficient research and study about their history.

Keywords: proverb, wise words, education of the young generation, mentality, values, traditions, various topics.

Proverbs and wise sayings are extremely rich and diverse in terms of themes, they are usually about homeland, hard work, learning, kindness, friendship, harmony, wisdom, vigilance, culture of language and speech, love and topics like love. In addition, they will cover topics that reflect the negative and positive characteristics that can exist in people. Proverbs and wise words have their own characteristics in educating our youth in the national spirit. For example, topics about the Motherland usually express the endless love, loyalty, and respect of the Uzbek people for their motherland, and the topic of the Motherland is also glorified in the same way as the motherland. It is shown that everyone should breathe in his country, live in honor, love the country, sleep peacefully in his mother's lap, and always be loyal to it. "A nightingale loves its flower, a man loves his country." "Unlimited love for motherland and motherland is expressed through proverbs and wise words like "Paradise is under the feet of mothers. Based on the above, it is not difficult to understand that every nation tries to inculcate its culture in the education of young people, and every country educates the growing young generation with its national customs, traditions, rituals, as well as its natural values, economic values, socio-political values. values, spiritual and educational values, philosophical values, artistic values, religious values and, of course, universal human values.

Sa'diy Sheroziy:

“Do‘stlik, sadoqatga belingni bog‘la,
Gina, malomatdan tilingni bog‘la”.

Such a wise word advises people to never turn back on the path of good, to always be faithful, loyal, and friendship, not to open their mouths about bad behavior, and to restrain their tongues.

There are many wise words close to the living language of the people and proverbs. For example, we can witness the wise sayings of Oybek, "A soldier without a bullet is a sword without a sword", and Abdulla Qahhor's "You can't chew a soup given to a toothless child" by describing a

whole literary meaning through simple words. Some words of wisdom become proverbs after they become popular.

Alisher Navoiy:

“Bilmaganin so‘rab o‘rgangan olim,

Orlanib so‘ramagan o‘ziga zolim”.

The so-called wise word began to be used as a proverb in the vernacular.

Among the Uzbek writers, such artists as Hamza, A. Qadiri, G. Gulom, Oybek, H. Olimjon, A. Qahhor, Shaikhzoda created modern examples of wise words in their works and effectively contributed to the development of the Uzbek literary language.

Proverbs and sayings of wisdom are phrases or words that contain deep meaning and knowledge. They convey the conclusions and experiences of wise people who lived and created in the past, help us find answers to life's questions and understand the essence of things. Wise words can be expressed by popular phrases and proverbs, as well as by the unique words of sages and philosophers. Their meaning is that they help us understand difficult situations, find inner harmony and focus on important things. Proverbs and wise words can be used in our daily life, at work, in relationships with other people. They guide us in the right direction and help us make wise decisions. The following are examples of them:

"Har bir sayohat birinchi qadamdan boshlanadi"

This phrase tells us that even if the road to reach the goal seems long and difficult, we should try. It says that you just need to take the first step in the right direction and overcome all the difficulties on the way.

Proverbs and wise sayings are statements that contain deep wisdom and knowledge that help a person in various situations in life. They offer us valuable guidance, advice and reflections on the meaning of life, relationships with other people, self-improvement and spiritual growth. Words of wisdom are often the result of the experiences and observations of intelligent and knowledgeable people. The essence of such words is to convey important life lessons to us and give us an understanding of how to do the right thing, how to be happy and successful. They give us useful advice and skills that allow us to develop our personality, fulfill our tasks and achieve our goals.

Proverbs and wise words help us better understand ourselves and the world around us, learn to make the right decisions and cope with difficulties. They lead us to deep philosophical thoughts, help us to develop our identity and inspire us to realize ourselves.

Proverbs and sayings of wisdom can come from a variety of sources, including books, religious texts, oral traditions, and life experiences. They convey values accepted in different cultures and can have a universal meaning for people of different nationalities and religions.

Wise words - similar to proverbs and aphorisms, these simple phrases contain deep wisdom and the experience of many generations. They can be transmitted orally or recorded in literary works. The meaning of proverbs and wise words is that they contain universal truths and important lessons for life. Proverbs and wise words help us see life from a new perspective and learn to achieve harmony, wisdom and happiness. They can inspire us to be better, make wise decisions, and achieve success. They also help us understand and accept ourselves as well as communicate with others.

Wise words are illuminated on all topics, and they always help people on their way to life. Even the head of our state, Shavkat Miromonovich Mirziyoyev, uses some wise words in his speeches.

"If what bothers you about me?" If you ask, I will answer that it is the education and upbringing of our children.

In this, he expressed his opinion about the education of every boy and girl living in our country, and encouraged parents to give good education to their children.

Everyone should do what they do every day as if they were doing it for the first time. Only then will there be progress in the work.

We can achieve good results and rise only if we do everything we do seriously and responsibly

We usually don't see rich people. We do not take into account that they worked night after night and day after day. Don't forget that you can't achieve any result while lying at home!

People who do not see each other, in their turn, were not left out of the attention of our state, and they were severely criticized

Alhamdulillah, we are all Muslims. In many places, we are taking the initiative to educate and teach Islam against ignorance. Islam is only a life of light. Becoming a terrorist, disguising Islam as a mask, joining other trends - this does not suit Uzbekistan!

There is no doubt that the introduction of various foreign ideas into the new, developing Uzbekistan, and the fact that people with low consciousness or weak ideology, using Islam as a mask and joining terrorists, always worries our country's president. In their wise words, they also criticized officials and state officials and commented as follows in their speeches.

Critical analysis, strict discipline and personal responsibility should be the daily rules of every leader's activity.

Physically and spiritually mature young people are our support and support in achieving our noble goals!

"We will build our great future together with our brave and noble people!"

Despite the fact that they say at every meeting that the attention to our young people is very strong in the present New Uzbekistan, their trust in them is increasing more and more. They explained that our youth is the main strength and support of our country

"In order for our young people to become independent thinkers, have high intellectual and spiritual potential, become people who are equal to their peers on a global scale in any field, and become happy, we must mobilize all the forces and opportunities of our state and society. we deliver"
